

MASTER BEDROOM: DENISE MORRISON

We aim to keep things authentic and functional, but you can always expect an unexpected moment; that place where you pause and admire the cleverness of a detail. We also like to blur the lines between eras and always embrace the evolved feel of a collected and not decorated home.

It's not often that you get asked to design a room with no budget or style restrictions, so creating a beautiful space using our favorite vendors made this especially enjoyable. We are big believers in texture and earthy tones and feel they complement the layered art and round edges just right.

MASTER BEDROOM 1

Master Bedroom 1:

Rug - **Loloi Rugs:** collections/ed-ellen-degeneres

The natural texture of this rug along with the stitching detail make it the perfect choice to soften this modern space.

Decorative pillow - **Aesthetic Movement:** minna-goods-angle-pillow-lumbar-coffee

Minna makes the most beautiful products in their small but perfectly edited collection. We love their sustainable options and in particular the earthy softness in this pattern against the bold patterned wallpaper.

Throw - **Loloi Rugs:** t3011-ed-natural

This throw seems to weave its way into all our designs. The quality far exceeds the price and it has a lovely texture making it an easy add to all rooms.

Bedding – **Pom Pom at HOME:** louwie-flax

Pom Pom linens are so soft and one of our favorite options for bedding. We love the crispness of white bedding.

Art - **Four Hands:** Antique Bird by visual contrast

The graphic nature of this piece and bird imagery seem both on trend and timeless. We selected this piece as a perfect layering moment in front of the mirrors as well as that pop of yellow.

Basket – **Blue Ocean Traders:** Baskets/EUR812_Grape-Basket

We love this basket for its texture and functionality. We see it filled with extra throws or books.

Wallpaper - **Tempaper:** swell-black-vintage-removable-wallpaper

Tempaper could not be any more clever, allowing a bold wallpaper moment without a big commitment. We love how this graphic black and white pattern juxtaposes against some of the more organic selections.

Side Table - **Noir:** categories/406004/new-items/products/aw-22/moriarty-side-table

We like the fluid shape of this table and particularly its natural wood tone. It balances perfectly next to the geometric shapes of the chair and the black detailing.

Bed - **Alder & Tweed Furniture:** everette-king-bed

We really like the traditional shape of this bed against the modern wallpaper. And the wood tone next to the black nightstands was key.

Dresser - **Noir:** categories/571013/dressers/products/gtab245hb/hampton-side-table,-hand-rubbed-black

We wanted a darker nightstand against both the wallpaper and bed, so these beautiful chests are perfect. And highly functional.

Lamp - **PALECEK:** products/248291/L/02/BLAKELEY-TABLE-LAMP-IVORY

White can make such a bold statement and the soft curves of these lamps play off the movement of the wallpaper making them a perfect choice.

Bench - **Four Hands:** product/CASH-21004-614?cid=226

We always look to introduce different finish elements in our designs and adding a little iron seemed perfect given all the other wood elements. Every bedroom can benefit from a bench for changing shoes, stacking books, or placing unused pillows while sleeping.

Mirror - **Global Views:** grouped-gabriel-mirror-black-12188

We adore the shape of these mirrors with their bold black frame. They also can be used the opposite direction which makes them really versatile.

Lounge chair - **Four Hands:** product/CKEN-340I-859P?cid=225

For both comfort and style, we love this lounge chair. Caning and the black accents make this a very on trend selection. Added bonus: the open space at the bottom has beautiful detailing as well.

MASTER BEDROOM 2

Master Bedroom 2:

Bed - **Alder & Tweed Furniture:** [avery-king-bed-in-ivory-cloud-and-beechwood/](#)

Lots of rounded edges make this bed a trendy and inviting selection. We love how it's a beautiful blank canvas for bedding and art elements in the design.

Bedding - **Pom Pom at HOME:** [duvets-shams/products/quinn-grey](#)

With the lightness of the bed we opted for grey bedding and some lighter accent pillows for a little pop.

Throw - **Aesthetic Movement:** [blankets-throws/products/green-abstract-throw](#)

This is one of our very favorite throws. It is so soft, sustainably made, and has the most darling pattern. We have sold out of it twice on our House of Morrison website.

Decorative Pillow - **Loloi Rugs:** [/p1128-mh-ivory-black](#)

Loloi makes the best accent pillows and we selected this one for its texture, light color and black striping.

Decorative pillow - **Loloi Rugs:** [/gpi10-dr-g-buttah](#)

We love yellow as an accent color. Used in the right dose it brings a little happiness to every design.

Art - **Loloi Rugs:** [/mid-century-minute](#) ; [/scrabble-grey](#) ; [/gathering](#) ; [/criss-cross](#)

The combination of art is what speaks boldest in this design. We love layering art especially given the visual openness created by using pendants instead of lamps for the nightstands. **Loloi's** new "textile art" collection is fantastic and the price for the quality is phenomenal!

Lamp - **Arteriors:** [/lighting/new-lighting](#)

The round edges of this lamp complement the other selections so beautifully in this design. We also wanted a strong accent which this black selection offered.

Rug - **Loloi Rugs:** [/od-01-natural-ash](#)

This rug is so subtle yet adds so much warmth to the design. A little patterning but not so much as to be overwhelming.

Pendants - **Visual Comfort & Co.:** [shop-by/ProductDetails.aspx?ItemCode=254353&tg=](#)

These pendants might be my favorite new addition to the visual comfort collection. There is something fresh yet nostalgic about these lights that we love, and the use of pendants leaves a lot of open space on the nightstands, yes!

Nightstand - **Four Hands:** [product/IHRM-214?cid=229](#)

The strong shapes of these side tables really appealed to us and was something we looked for throughout our selections. We also love the Demilune shape, so unique!

Console - **Four Hands:** [product/UWES-246?cid=309](#)

This piece is absolutely stunning! Made of Aguanacaste wood, each piece is unique and the warmth of the wood in the design was key to this selection. It also offers great storage!

Gold Accessory Pillow - **Loloi Rugs:** [products/p1152-mh-gold-ivory](#)

Bench - **Four Hands:** [/CIRD-294?cid=226](#)
